BOGORTODAY.COM — PT Godrej Consumer Products Indonesia (GCPI) has donated a Toyota Innova as a community support vehicle to Dusun IV and IX in Kampung Parung Tanjung, Cicadas Village, Gunung Putri, Bogor. This initiative is a tangible expression of the company's commitment to social responsibility.

The donation aims to improve access to healthcare services, support emergency response, and enhance overall community welfare.

The handover ceremony took place on Wednesday, December 18, 2024, involving local stakeholders to ensure effective coordination and management.

The community support vehicle will be collectively managed by local residents, ensuring its use is well-targeted and impactful.

Cicin Winedar, HR Director of PT Godrej Consumer Products Indonesia, affirmed the company's dedication to addressing social, environmental, and economic needs in areas surrounding its operations.

"We hope this community support vehicle will enhance mobility—especially in emergency medical situations and community development activities. We believe this initiative will deliver real and sustainable benefits for the people of Kampung Parung Tanjung," said Cicin.

The vehicle is intended to assist with medical emergencies, such as transporting patients to hospitals, and disaster response efforts. Additionally, it can be used for various community empowerment initiatives.

Kurnia Indra, Head of Gunung Putri Sub-district, welcomed the initiative and emphasized its importance:

“The community support vehicle in Kampung Parung Tanjung will be a valuable resource. We will ensure it is well maintained so that it remains reliable in emergencies and social service activities,” he said.

The vehicle handover marked a harmonious collaboration between PT Godrej Consumer Products Indonesia and the Kampung Parung Tanjung community. This spirit of togetherness is expected to continue supporting sustainable development in the village.
